Designers

Ludovica+Roberto Palomba

Ludovica + Roberto Palomba, the golden couple of Italian design, for over 25 years have been designing products that escape the trends. First of all, they have a philosophical approach: the search for essence in every project, closer to the concept of balance of oriental heritage rather than to the nordic style, the goal of their work is not only an aesthetic result but the well-being. They have received numerous international awards and recognitions such as Compasso D'Oro, Elle Decoration International Design Award, Red Dot, Design Plus, Good Design Award and German Design Award.
