Atelier Oi

The Atelier Oi studio was founded in 1991 by Aurel Aebi, Armand Louis and Patrick Reymond in La Neuveville, Switzerland. From the very beginning the atelier aims to erase the boundaries between different areas of design and emphasise the transversality of disciplines. Their projects range from architecture to interiors, product design and scenography, and have won numerous international prizes and awards. They designed the upholstered furniture collection E la nave va for Alias, which won the Red Dot Design Award in 2021.
